Trading instrument specifications are published on the MTF ETSE website at the following link:

<https://etse.kz/documents>

Information on accredited brokers in the Sandbox trading section is available at the following link:

<https://etse.kz/assets/d09798f9-1d0f-40aa-8269-e628fb3a4430>

To participate in trading in the "Sandbox" mode, you must:

1. Select a broker from the list of accredited MTF ETSE brokers (see the "MTF ETSE Participants/Members" section).
2. Enter into a brokerage service agreement (if participating through a broker).
3. Open a trading account/account for collateral under the MTF ETSE and clearing organization procedures.
4. Post collateral in the amount established by the Sandbox terms (0.1%) within the timeframes specified in the trading/clearing regulations.
5. Submit a client order to the broker (or submit an order yourself if you have direct participant access) specifying the instrument, volume, price, and delivery terms.
6. Participate in the trade and fulfill obligations under the concluded transactions.
